Platform of enhanced Peace learning and networking

20 days full boarding panafrikan Campus. Active teaching by our international senior Trainers. Connecting with local Peace practice. Assistance with your back home peace activity. Networking with 320 UPA graduates in 30 countries.

University of Peace in Africa (UPA) is a social teaching project on concepts and active methods of (re-)building Peace, of preventing violence, of mediation and non-violent conflict management and consensual transformation. By invitation of a local partner, the UPA Campus opens each year in a different country of Africa, in French and English language. UPA is addressing responsible executive staff with a sound experience in Civil Society, in (inter-) religious organisations, in governmental programs or in public military/police forces searching for a methodical quality time for achieving enhanced competence, further personal development and effective pan-African networking in Peace and promotion of social coherence and resilient communities.

Next Campus: 12. – 31. October 2024, Nairobi / KENYA
